

# MANY WORLDS WORKING GROUP (MWWG)

# MELLON FUNDED SAWYER SEMINAR: IMAGINATIVE MOBILITIES (2018-19)

The Seminar aims to bring the different traditions of design and the social sciences into dialogue.

The aim is not to develop **design solutions** but **design propositions**, useful fictions and hypothetical scenarios in order to facilitate different kinds of conversations across disciplines.

**Victoria Hattam**  
Political Science

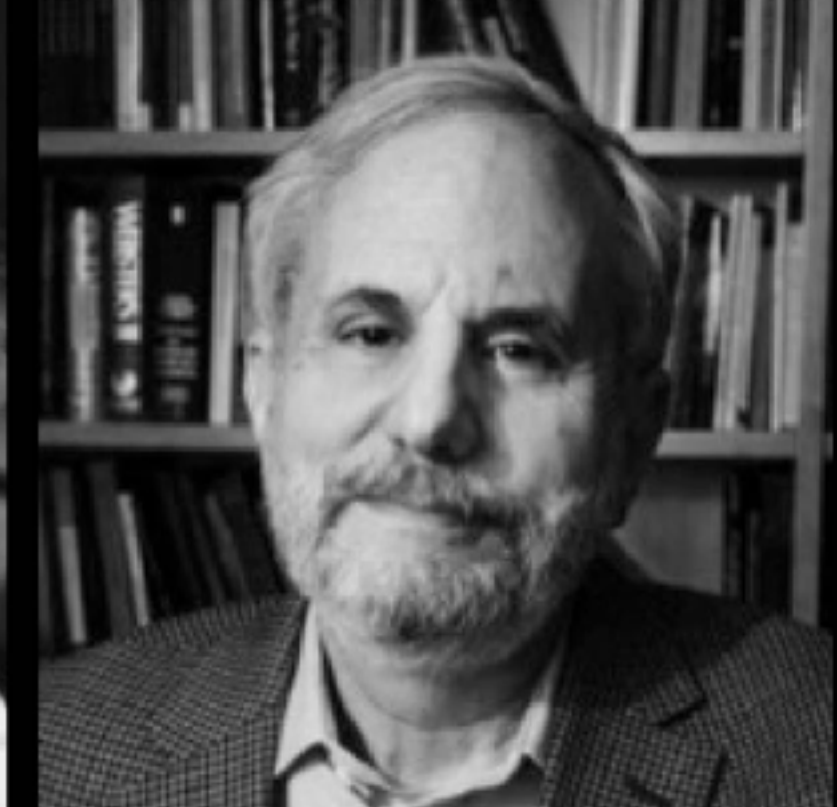

**Miriam Ticktin**  
Anthropology
